A Festive Murder Mystery @
The Royal Oak, Cheltenham

Malice in Wonderland: Christmas Special

The King of Hearts is dead; the Queen is missing; and the Duchess rules Wonderland. On the first anniversary of the King's passing, the Mad Hatter, the March Hare, Alice and the White Rabbit come together to celebrate Christmas, remember the great man, and find out what's in his will. Then something terrible happens. So begins a riotous black comedy of desperate measures, double-dealing and dodgy DNA tests. Not to mention Lewis Carroll's best loved characters ... as you've never seen them before.
